Highlights

210°C professional high heat

This high temperature enables you to change the shape of your hair and gives you that perfect look you want.

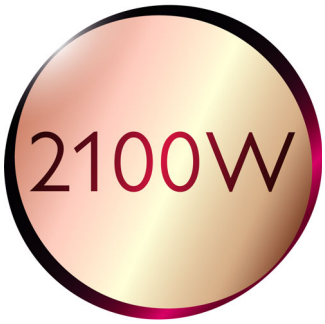
Ceramic plates

Ceramic is microscopically smooth and durable by nature, and is therefore one of the best materials for straightening plates. The ceramic plates are carefully processed to enhance the gliding and caring properties of the ceramic, giving you perfect shiny hair.

Fast heat-up time

Straightener: Fast heat-up time, ready to use in 30 seconds

Professional 2100W



Dryer: Professional 2100W for perfect salon volume

6 heat/speed settings

Dryer: 6 heat/speed setting for full flexibility

Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.
